THE BLAIRMORE PHARMACY

Gordon Steeves, Prop. Phone 110 Blairmore, Alberta

Coleman hockey fans, on Saturday night last, had the opportunity of witnessing one of the cleanest games ever played on their own ice. Tired of waiting for winter to arrive, sport fans at Medicine Hat and Redcliff last week decided to organize for football and baseball.

Town of Blairmore

TO WATER CONSUMERS

Please be advised that, owing to lack of water from the reservoir, river water is now being pumped into the distribution system. It is recommended that water for domestic use be boiled.

CHAIRMAN OF WATERWORKS.

Hon. H. H. Stevens, minister of trade and commerce, who has been ill for some time, will upon recovery take up the matters of the Home Bank relief and coal subvention. Sunday next is the last day allowed for the appearance of the 1930 license plates on motor vehicles. Prosecutions will be in order after that date.

BLAIRMORE WINS LEAGUE

By defeating Coleman in the final playoffs for the local league to the air of 8 to 5, Blairmore on Monday elected to enter the provincial intermediate playdowns. Two of the cleanest games this season were witnessed, Saturday night at Coleman, and Monday night here. Both games were handled by Doc Barbour and only a few very minor penalties were meted out. Nanten this week end, with the first game at Nanton tomorrow (Friday) night at 8.30. The second game of the home-and-home series will take place in the local arena on Wednesday night next.

MUNICIPAL ELECTIONS RESULT IN VERY CLOSE CONTEST

The election of councillors on Monday resulted in one of the tightest contests known here. Five candidates were in the field to fill the three vacancies on the council, namely: W. McVey (for re-election), W. Oakes, W. L. Evans, R. Fumigalli and Mark Sartoris (for re-election). Results were as follows: McVey 184, Oakes 149, Fumigalli 142, Evans 140, Sartoris 114. Returning Officer Kelly declared McVey, Fumigalli and Oakes elected.

The reorganization of the council will take place at a meeting to be held next week.

CORBIN HAPPENINGS

Mrs. H. Calorne, who recently underwent an operation in the Fernie hospital, is reported progressing favorably.

At the bridge party and tea, held by the Robekahs in the lodge hall on Thursday afternoon last, Mrs. Calorne won first prize, and Mrs. Walter Sykes the consolation.

E. Linville, of Blairmore, was a business visitor here during the week. The 1931 officers of Corbin Robekah lodge were installed at the last regular meeting as follows: Pat Collins, N.G.; May Elms, V.G.; Margaret Sykes, R. Sec.; Mary Cartledge, F.S.; L. B. Lajovic, treasurer. The officers of Corbin I.O.O.F. lodge were installed last meeting as follows: Levi Elms, N.G.; Sam Lajovic, V.G.; Billy Porter, R. Sec.; Jack Hamilton, F.S.; Pete Michelak, treasurer.

An interesting game of hockey was played on Corbin ice, when the Corbin Cougars and the Blairmore Rink Rats played to a 2-2 draw on Tuesday night. Although ten minutes overtime was played, neither side could break the tie. As the ice was not in very good condition, the game was rather slow. Lineups as follows: Rink Rats—G. Maniquet, goal; F. Smith, J. Howe, defense; L. Cecchini, M. Maniquet, E. Blas, forwards; A. Decour, R. Maniquet, P. Stewart, subs. Cougars—V. Uphill, goal; Alex. McVey, L. Vasek, defense; D. Selinsky, Charlie Joyce, E. Clifford, forwards; Hoffman, Jack Oakley, subs. Referee, Jimmy Poyce.

Good weather continues in this part of the world.

Teacher: "Now, Tommy, what is speed?" Tommy: "Please teacher, I don't know, but daddy said he saw a police car going like a streak up and down main street in Blairmore on Sunday evening at 5. He said it travelled at more than sixty miles an hour and that that was speed."

Members of the Knights of Pythias lodge are reminded of the regular meeting on tomorrow, Friday night, at which A. E. Hartley, grand chancellor, of Medicine Hat, will be present. A class of four candidates will be instructed in the mysteries of the degree of Page, and a full attendance is requested, including any visiting members of the order.

THE C.P.R. HOCKEY TEAM

Winnipeg, Man., Feb. 12.—A tour of Western Canada and into the states of Washington and Oregon has been arranged by the Canadian Pacific Railway hockey club. A party of seventeen will leave Sunday, Feb. 15th, the first stop being at Blairmore, where a game will be played Monday night with the local team. Tuesday night will find the team matched against Nelson, B.C., and on Wednesday the C.P.R. boys engage the "Smoke Eaters" of Trail. Journeying over the southern route, the party arrive at Vancouver on Friday evening, the 20th. Owing to lack of ice in many British Columbia points, the various-league play-offs will likely take place on the artificial rinks at Trail and Vancouver.

Paying a friendly visit to the United States, on invitation of the Seattle and Portland Amateur Hockey Clubs, games have been arranged at each of these cities. Returning to native soil, the tour will continue to Calgary and Edmonton. At Edmonton the test will be between an All-Star aggregation of the losers in the local play-off. Conflicting dates at Saskatoon may forego playing the Quakers of that city, but the railway team will be there afternoon and evening, and the matter is under consideration. Prince Albert is on the itinerary, and the Geo Pees meet the northern Saskatchewan League team. Comprising the party will be W. H. Conkling, vice-president of the club; J. M. Picard, well known in all Canadian Pacific sport activities; Johnny Dick and Lyle Holmes, goalies; Bill Maylak, Jack Kernahan, Lou Hanna, Alf Vick, defense; Vic. Evans, Lorne Lyndon, Pete Buddick, Fred Jennings, Bryan O'Connell, forwards; Cliff Debnan, star; and Jimmy Earl, Manager.

Sanction to depart on the tour has been granted by the Canadian Amateur Hockey Association, and the associations of Manitoba, Saskatchewan, Alberta and British Columbia. Permission also granted to play in the United States by the Amateur Athletic Union of Canada.

INSTITUTE PUBLIC LIBRARY

New books added to the library this week are:

Non-Fiction—"Cassell's Natural History," by Martin Duncan; "Industry and Humanity," by Hon. W. L. Mackenzie King; "The American Commonwealth," by James Bryce, M.P.

Fiction—"The Treasure of Honkoku," by Marie Corelli; "Harold," by Bulwer Lytton; "The Proof of the Pudding," by Meredith Nicholson; "The Splendid Renegade," by John H. McCullough; "The Girls of St. Cyprian's," by Angela Brazil; "The Box with the Broken Sails," by E. P. Oppenheim; "The Tramping of the Lillies," by Rafael Sabatini.

Library hours are: Tuesdays, Thursdays and Saturdays from 7 to 9 p.m. Fee for one year is \$1.00.

WINNIEG C. P. R.'s TO BE HERE MONDAY

We understand that arrangements have been made, whereby the crack C.P.R. amateur hockey team will stop off in Blairmore on Monday next to play the locals that night.

This team is enroute to Vancouver, and Blairmore will be their only stop in Alberta.

We can assure them an excellent sheet of ice and no doubt a record crowd.

The Servantus Group, C.G.I.T., will hold a tea and busy bee; At selling cakes, tarts and candy; To prove at making tea they're handy. Valentine's Day they'll roll the ball From 3 to 6 in the Moose's hall. Now, come along, help make it pay, So they will never rue the day.

HOW ONE WOMAN LOST 47 POUNDS OF FAT

"I have been taking Kruschen Salts for nearly 9 months. I have continued taking one teaspoonful of warm water every morning. I then weighed 217 pounds, was always bothered with pains in my back and lower part of abdomen and sides.

"Now I am glad to say I am a well woman, feel much stronger, younger and my weight is 170 pounds. I do not only feel better but I look better, so all my friends say.

"I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that it is in it."—Mrs. S. A. Solomon.

"P.S.—You may think I am exaggerating by writing such a long letter but truly I feel so indebted to you for putting out such wonderful salts that I cannot say enough."

WORLD HAPPENINGS BRIEFLY TOLD

France is beginning to feel the effects of the world depression. Declining revenues are likely to result in a budget deficit of 40 million dollars.

Russia, Germany, Italy and France all have a genuine desire for peace, Lord Cecil declared in the House of Lords during a disarmament debate.

A. F. Ewing, K.C., Edmonton, has been named third division judge of the Supreme Court of Alberta, replacing Mr. Justice Walsh, elevated to the Appellate Division.

Frederick Martin Hale, 66, inventor of the Hale bomb with which the first Zeppelin was destroyed and the first U-boat sunk during the Great War, died in London, England, on Feb. 2.

British manufacturers are realizing that they must vary their products to Canadian tastes, says Sir William Clark, British trade commissioner for Canada.

Revised figures of the British Columbia salmon pack for 1930 give a total of 2,221,810 cases, an increase of more than \$20,000 over the year before.

The plan for the formation of a Pacific Chamber of Commerce, embracing all British Empire countries bordering on the Pacific, is continuing with approval, W. E. Bayne, executive secretary of the board, says.

Action to expedite payment of the United States award to Victoria sealers, in respect to the Coquitlam claim settled at Washington in 1914, is being asked from Ottawa by the B.C. Government.

British Boys For Canada

Liverpool Education Authority To Send Out Forty Youths To

The statement that the provincial governments of Canada had informed the British authorities of their ability to take 1,300 boys from Great Britain in the coming year, and would guarantee their placement on approved farms, was made at a meeting of the Liverpool education authority.

The Liverpool authority decided to send 40 boys to Canada. Presumably the announcement was an outcome of the recent conference of provincial representatives at Ottawa, but representatives in London, England, of the various provincial governments appeared recently to have received no instructions in the matter.

All-Canadian Radio Program

"Canada on Parade" is to be the title of a distinctly Canadian radio program which is being arranged for Dominion-wide broadcast within a few months. Putting on the air the best of Canadian musical and acting talent, and nationally prominent public officials giving brief historical and inspirational addresses, the sponsors say they hope to emphasize the vastness and potential greatness of Canada.

Breakfast will have double-deck buses.

Blind Man: "At home I have to shut my eyes to a lot."

Deaf and Dumb Man: "Yes, I hear all and say nothing."—Pete Mels, Paris.

W. N. U. 1876

Will Use Ribstone Oil

Canadian Pacific Railway Taking Four Hundred Barrels Daily

Arrangements have been completed between Ribstone Oils, Limited, of Calgary, and the Canadian Pacific Railway for the supply of 400 barrels of crude oil daily to the railway from the wells at Ribstone for the use of main line locomotives operating through the mountains between Calgary and Vancouver. The oil will be transported from the field to McLaughlin station by means of a 14 mile pipe line to be built by the oil company, the total expenditure for this and other developments at McLaughlin to reach between \$30,000 and \$50,000. Col. J. H. Woods of Calgary is president of Ribstone Oils, Limited.

Using Wheat For Fuel

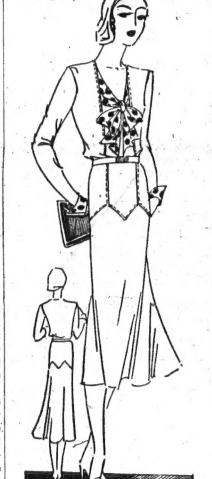

Oregon Farmer Finds That Wheat Is a Cheap and Efficient Fuel

Out in Umatilla County, Oregon, Peter Weidert, farming between 6,000 and 7,000 acres, most of it in wheat, is using threshed wheat for fuel. He says wheat at \$18 a ton makes a cheaper fuel than coal at \$20 laid down at his ranch. The wheat makes a hot, even fire, particularly good for banking over night, Weidert declares. He says he learned the value of wheat as fuel years ago, when he used it to bank fires in his old steam thresher. Besides saving him money, Weidert insists he is doing what growers a good turn by reducing the surplus.

THE SCARF TOUCH

All Tingey models are created and sketched in Paris and the patterns are made in New York.

So many women love a scarf effect, yet find adjustment difficult. It has to be arranged at each wearing and must be carefully pinned into place.

Today's pattern dress caters for a scarf effect which will "stay put"—indeed it is stitched into and in part of the dress. It is charming carried out in spotted or patterned crepe de chine against a plain tweed, tweed jersey or woolen.

For the original dress an orange brown showing a marked diagonal weave was selected. The crepe de chine was in brown, beige and orange—the whole rich and warm in tone.

Dark materials with a spotted silk would be smart, or if patterned tweeds were chosen the tie and cuffs should be plain.

This pattern may be obtained in sizes 14 to 20 and 34 to 40. It is ready for immediate delivery. It is hand cut.

Send 25 cents (in stamps or coin) to Fashion Bureau. Write carefully and plainly your name and full address, the number of the pattern and the size you want.

SUNDAY SCHOOL LESSON

FEBRUARY 15

JESUS THE FRIEND OF SINNERS

Golden Text: "Faithful is the saying, and worthy of all acceptance, that Christ Jesus came into the world to save sinners."—1 Timothy 1:15.

Lesson: Luke 7.

Devotional Reading: Romans 5:1-8.

Explanations and Comments

The Sinful Woman's Debt, verses 36-38.—One day Simon the Pharisee invited Jesus to dine with him and he seemed to think this honor enough for the carpenter's Son, for he failed to show Him the civilities due to an honored guest. "We are still in that epoch of transition when the rupture between our Lord and the Pharisees, although already far advanced, was not yet complete. A Pharisee could still invite Him without difficulty, or was confident she would receive. It has been supposed that this invitation was given with a hostile intention. But this Simon, verse 39, shows he was hesitating between the holy impression which Jesus made upon him and the antipathy which his caste felt against Him."—Gosset.

During the meal a woman of the city, a sinner, entered uninvited, with an alabaster cruse of ointment. Jesus was reclining on a couch in the customary manner at a feast. His head toward the table before Him and His bare feet stretched out behind Him. His sandals having been removed. The woman approached and stood behind Him. Was it to lay bare her soul, to tell Him of her self-abasement, her penitence, devotion, and love? By no means. As far as we know, she spoke not a word. But her deed show her gratitude for the forgiveness she had already received, or was confident she would receive. She wet His feet with her tears, wiped them with her hair, kissed them, and anointed them with precious ointment. "To appreciate this, we must remember that it was one of the greatest humiliations for a woman to be seen with her hair disheveled. Similar acts of respect were sometimes, but rarely, paid to rabbis. A man once came to kiss the feet of Rabbi Jonathan, because he had induced filial reverence in his son."

The Pharisee's Criticism, verse 39. Simon was scandalized at the woman's act and the Lord's acceptance of it. Evidently Jesus was no prophet. Simon said to himself, or he would have detected the truth about the woman and would have scorned her. The Pharisee's Lesson, verses 40-46.—At once Jesus showed Simon that He not only knew the woman's history but that He even read Simon's thoughts. "Simon I have somewhat to say unto thee," thus Jesus arrested his attention. And then He told him His parable of the "Two Debtors": one of them owed five hundred shillings and the other fifty shillings, but as neither of them had where-with to pay, the lender forgave them both. "Which of them, therefore, will love him most?" Jesus questioned, and Simon answered, contemptuously, "carelessly certainly, with no thought of the bearing of the question." "He, I suppose, to whom he forgave the most." "Thou hast rightly judged," Jesus said, and then turning toward the woman He questioned, "Sist thou this woman?"

Then Jesus reminded Simon of his omission of the customary acts of courtesy due a guest—the water for His feet, the kiss of greeting, the oil for anointing—and contrasted these with the lavishness of the woman's offerings. It was evident that, unlike the woman, Simon had no consciousness of sin at all and no repentance, or he would have shown greater love.

The Relation of Forgiveness and Love, verses 47, 48.—"I say unto thee, her sins, which are many, are forgiven; for she loved much." There are two possible interpretations of these words. One is that her love won the forgiveness. This was Coleridge's thought when he wrote:

"She sat and wept, and with her untressed hair
Still wiped the feet she was so blest to touch;
And He wiped off the soiling of despair
From her sweet soul, because she loved so much."

Labor Troubles Across the Line

Says Unemployment in United States Is Growing Worse

Despite the strenuous efforts of the president, Col. Woods and others to reduce unemployment, the situation, according to William Green, president of the American Federation of Labor, grows worse.

"Unemployment," said Mr. Green today, "has increased since December, and 5,700,000 wage earners in the United States were out of work in the first part of January. This compares with 5,500,000 in December, and these figures do not include farmer labor or office workers."

Vancouver Shipping Figures

Vancouver's deep-sea arrivals during 1930 numbered 1,195 with a total of 4,500,802 net tons, according to a report of the Vancouver Merchants Exchange. In 1929 Vancouver's arrivals were 1,284 with a tonnage of 4,627,000.

Explosion Wrecked Engine Of Submarine

Twelve Men Injured But Cause Of Accident Unknown

Twelve men were injured, one critically, when an explosion of unknown origin wrecked the internal combustion engine of the submarine X-1, one of the largest undersea boats in the British navy.

She had left Sheerness for a trial run after reconditioning and had gone 20 miles on the surface to the Thames estuary when the blast occurred.

The injured men were treated on the ship and the submarine returned to Chatham on one engine. The extent of the damage was not immediately determined.

The X-1, of exceptionally strong construction, is designed for deep diving and can remain submerged for two and a half days.

The vessel is of nearly 2,800 tons displacement, carrying four 5.2-inch guns and equipped with six torpedo tubes. She has a surface speed of 19.2 knots and carries a crew of 110 men. She cost more than \$5,000,000. The navy list gives her commander as E. M. C. Barracough.

Recipes For This Week

(By Betty Barclay)

HONEY DATE BARS

2 cups dates, seeded and chopped fine.
½ cup nuts, cut fine.
2 eggs, beaten light.
¾ cup honey.
½ cup flour.
1 teaspoon baking powder.
¼ cup all-bran.
Mix well, bake 20 minutes in moderate oven (375 degrees Fahrenheit). Serve with cream, whipped or plain. May be rolled in powdered sugar and served. Yield: 12 servings.

RICE AND CHEESE ROLL

2 cups cooked rice.
1 cup grated cheese.
1 egg.
1 teaspoon salt.
Dash of cayenne.
1 tablespoon milk, more if needed.
¼ cup nuts, chopped.
¼ cup bread crumbs.

2 cups tomato sauce.
Mix ingredients in order named, adding enough milk to moisten. Shape and roll in the crumbs. Bake in moderate oven 20 minutes or until a golden brown in color. Slice and serve with tomato sauce.

Big Attendance Expected

Eleven countries have officially accepted the invitation to participate in the World's Grain Exhibition and Conference, which is to be held at Regina, July 25 to August 6, 1932; namely, Italy, Peru, Yugo-Slavia, Guatemala, New Zealand, Czechoslovakia, Netherlands, Belgium, Poland, Spain and India. It is expected that fully 50 countries will have representatives present when the conference and exhibition opens.

ACID causes Headaches

When there's too much acid in your stomach, you must force yourself to work, and even pleasures are too great an effort. Appetite lags; the digestion is poor; the whole system suffers.

Laboratory tests show an acid condition is due to errors in our modern diet. But you need not wait to die your way out of the trouble!

Take a tablespoonful of Phillips' Milk of Magnesia.

This will neutralize the excess acid instantly; make you feel like a new person in just a few minutes.

Take a little whenever heartburn, sick headaches, nausea, flatulence, indigestion or biliousness show the digestive system is becoming too acid. Whenever you are taking cold or feel sluggish, weak, constipated, Phillips' Milk of Magnesia has a gentle, laxative action.

Delightful to take. Endorsed by physicians for 50 years and prescribed everywhere for men, women and children. The genuine is always a liquid; it cannot be made in tablet form. It always bears the name Phillips for your protection.

Still Room For Improvement

Carelessness At Railway Crossings Continues To Exact Heavy Toll

A report issued by the Dominion Board of Railway Commissioners suggests that there is still room for improvement in the matter of greater caution at railway crossings. In the last four months of 1930 there were 161 accidents at such crossings. Carelessness on the part of motorists is assigned as the chief contributing cause of these mishaps, and it is again set forth that a toll of many lives is taken every year because of the lack of even elementary precautions.

The Railway Board makes an investigation into every accident at a railway crossing, and the various charged causes for them are grouped as follows: Crossing tracks when gates are down; lack of precaution in not making sure trains are approaching; accidents caused by defective auto brakes, resulting in cars becoming stalled in the middle of the tracks; autos disregarding engine whistle and ringing of engine bell; autos skidding when crossing tracks; chauffeurs seeing train too late to escape a crash; drivers trying "to beat train to crossing."—Regina (Evening) Leader-Post.

Result Is Encouraging

Disarmament Conference Is Making Progress With Its Work

There is encouragement to be found in the results of the Disarmament Commission. The work has been going on for four years and more, and up till quite recently agreement did not seem probable on anything like such a scale as has now been achieved. A framework at least has been provided, and into that framework nations, Italy, Peru, Yugo-Slavia, Guatemala, New Zealand, Czechoslovakia, Netherlands, Belgium, Poland, Spain and India. It is expected that fully 50 countries will have representatives present when the conference and exhibition opens.

|----------------------|---------------------------------|
| 1 cup scalded milk | 1 teaspoon salt |
| 2 tablespoons butter | 1 Royal Yeast Cake dissolved in |
| 1 tablespoon sugar | 1 cup lukewarm water |

To the scalded milk add the butter, sugar and salt. Allow it to cool until lukewarm and then add dissolved yeast and $1\frac{1}{2}$ cups flour. Stir well and let stand in moderately warm place overnight. In the morning, add enough flour to knead, and let rise until about double in bulk, then roll out $\frac{1}{4}$ inch thick. Cut with biscuit cutter and brush each piece with melted butter, crease through the center and fold over. Let rise again until double in bulk and bake for about 25 minutes in moderate oven. Above is sufficient for about ten rolls.

If you bake at home, write to Standard Breads Limited, Fraser Ave., & Liberty St., Toronto, for the free Royal Yeast Cake Book. It contains tested recipes for Lemon Buns, French Tea Ring, Dinner Rolls and many other delicious varieties of bread.

ROYAL Yeast Cakes

make all breads taste yeast is used in baking better, look better and keep better. For over 50 years they have been the accepted standard of quality wherever dry

Canada's Glacial Period

Covered With Ice a Mile Deep At One Time

A story of the time when the levels of the Great Lakes were 50 feet higher than today, and when the northern part of North America was covered with ice a mile deep, was told members of the Over-Seas Club by Dr. Thomas H. Clark, professor of paleontology at McGill University, Montreal.

Before the last glacial period, the Great Lakes did not exist, said Dr. Clark. Niagara Falls was non-existent and where Lake Ontario now lies was a river, called by geologists the Laurentian River, which followed the present course of the St. Lawrence River, but was longer. The country then had a milder climate than today, he said.

The glaciers left three lakes, one near the lower end of Lake Michigan, one near Lake Superior, and one near the lower end of Lake Erie. Later changes filled out the outlines of the lake system as we know it today, but at a higher level, said Dr. Clark.

The position of Niagara Falls is changing rapidly, said Dr. Clark. Moving southward up the Niagara River at the rate of five feet a year, as the water breaks down the limestone at its base.

After the melting of the glacier, the sea flowed in and covered the St. Lawrence valley, said Dr. Clark. Proof of this is found on Mount Royal, 600 feet above the present sea level, the finding of the skeleton of an Arctic whale at Smith's Falls, and the finding of marine fossils all throughout the area.

If baby has COLIC

ACRY in the night. Colic! No cause for alarm if Castoria is handy. This pure vegetable preparation brings quick comfort, and can never harm. It is the sensible thing when children are ailing. Whether it's the stomach, or the little bowels, colic or constipation, or diarrhea. When tiny impures are coated, or the breath is bad. Whenever there's need of gentle regulation. Children love the taste of Castoria, and its mildness makes it safe for frequent use.

And a more liberal dose of Castoria is always better for growing children than strong medicine meant only for adult use.

Fletcher's CASTORIA

Little Helps For This Week

"Wherefore, beloved, be diligent that ye may be found of Him in peace, without spot, and blameless."

—2 Peter III. 14.

Thou must be true thyself. If thou the truth wouldst teach: Thy soul must overflow, if thou Another's soul wouldst reach: It needs the overflow of heart To give the lips full speech.

Think truly, and thy thoughts Shall the world's famine feed: Speak truly, and each word of thine Shall be a fruitful seed: Live truly, and thy life shall be A great and noble deed.

—Horatius Bonar.

We know no truth except by action. We can teach no vital truth except through the life. We cannot attain to the eternal joy except as we walk step by step in the path of actual duty and performance in which He walked, who so gained its fulness, and sat down at the right hand of the Father.—Theodore S. Munger.

Douglas' Egyptian Liniment is remarkable in its quick, effective action. Relieves instantly burns, sprains, toothache and neuralgia. Invaluable for sore throat, croup and quinsy.

Today's Best Story

Two hundred years ago, a Danish child of five, Christian Heineken, was the most-talked-of child in the world.

He was able to speak within a few hours of his birth, at ten months he could converse intelligently on most subjects, and when he was a year old he had become thoroughly acquainted with the Old Testament. His health caused his death at the age of five.

REGULAR PAINS?

SOME women suffer more than others. Often, when there isn't any need! The pains peculiar to women may be relieved as readily as other pains for which Aspirin is intended. These pains are always a big help at such times, and never the least bit harmful. (Aspirin does not depress the heart.)

Of course, you are familiar with the use of Aspirin for headache. It brings such prompt

relief that sudden headaches needn't upset your plans. It will check a cold, or ease the sorest throat; and comfort the worst sufferer from neuritis and neuralgia.

When your head aches—from any cause when a cold has settled in your joints or you feel those deep-down pains of rheumatism, sciatica, lumbago, take Aspirin and you can count on real relief.

CHAPTER X—Continued.

Gay turned from the window, her throat aching with an intolerable pain. The lightning was intermittent now, and the thunder merely a distant growl. She went into her dusty kitchen and heated milk for baby Nick—gave Sonny his supper, and leaving the soiled dishes where they were, put both tired little boys to bed.

"Me wants Daddy," said Sonny sleepily, as she tucked him in. "Me wants Daddy—tebbly."

Gay kissed him, and held him close.

"Mother wants Daddy, too, little boy," she said gently. "When you wake up he'll surely be here. Now go right to sleep. Think how glad Daddy'll be to see us in the morning!"

She went into the next room, and for so long time missed herself with unimportant things, because she dreaded to go to the lonely rooms below. But at last she braved them, and an hour slipped by while she washed the dishes and took away the remains of Nick's hasty meal. She tried to eat something herself, but the food clogged her. It was still raining, the shower having settled into a steady downpour that threatened to last all night. She swept the kitchen at last, and dusted the living-room and hall, her ears alert for the longed-for whirr of an automobile; but it did not come.

"I hope Nick took an overcoat," she thought aloud. "He's so careless sometimes, and it was warm this morning. . . . I do hope they're almost home. . . . It must be horrible driving a car in such a rain. . . . I wonder if they took chairs. This mud will make slippery going. . . . I hope he won't drive too fast. . . . It's queer they're so late. . . . perhaps—perhaps there's an accident."

She thrust back the thought in horror; but as such thoughts will, it kept returning, just as her steps returned to the window, although she could not see beyond the glass. At last, in an effort to calm herself, she tried to read, but the house seemed suddenly alive with noises; creaking boards that seemed like stealthy footsteps—branches snapping against

MOTHER OF TWINS HELPED

Restored to Health by Taking Lydia E. Pinkham's Vegetable Compound

Mitchell, Ont.—"I had little twin babies and for quite a while after I was born I did not do my work because of pains all the way up my legs at the back. I also had back and got very little sleep. I took Lydia E. Pinkham's Vegetable Compound, and soon I was able to do my work. I have taken three bottles and I am fine, do my work without trouble and am gaining in weight and strength. I will gladly recommend the Vegetable Compound to anyone."
MRS. F. STATION, Box 223, Mitchell, Ont.

W. N. U. 1976

I know anyway, that at three this afternoon they were all right. I—I saw them."

"Where?"

In her surprise the question broke from Gay's lips involuntarily, though in another moment she would have withheld it, for Halliday winced.

"My mother was born only a few miles from Anton Bay," he answered quietly. "I took her there today. There was a railroad crossing to pass on the way to the cemetery, and a freight train stopped us. It was long freight. There was only the horse, and—myself. My sister was too ill to go. While we were waiting an automobile came along beside us. It was Mrs. Halliday and your husband. Of course—they did not see me."

"Oh, no!" protested Gay, and her breath quickened. She saw the pitiful scene so vividly: the country railroad crossing—the horse—the solitary "back" of the village livery, and the lonely man peering out of the depths of that stuffy vehicle at the wife who had refused him the comfort of her presence—looking her loveliest pretences, and—another mass. . . .

Gay's firm white teeth caught in her under lip to steady it, as Julie's words came back to her. She saw Halliday pleading with his wife, saying: "Angela, I'd like you to go with me." For a moment the room seemed to revolve before her eyes—it was all so terrible; and then, like a breath of life-giving air, a steady thought flashed through her: Nick was—

Nick! She cleared her throat and spoke.

"I am so sorry, Mr. Halliday—sorry my husband should have had any part in causing the pain you must have felt. I understand—just what you have suffered; but—but I want to tell you something you may not realize. No harm will ever come to your wife through Nick. He's young, and sometimes thoughtless of conventions, but he's true as steel. He never had a mean or unlovely thought. Deep down in his heart (though he hid it at the idea himself), he's as chivalrous as any knight of old. So—whatever's happened, it isn't what it's that."

The eyes she raised to him were those that Nick had said would "snatch a man right back from the jaws of Hades." The white light of truth in their clear depths was like nothing the man had ever seen. It caught his own eyes—held them for a moment. Then, as the thought swept through him that his fears had been not for his wife's safety, but for her sinister influence upon another man, his shame came dropped.

He said, his voice repressed and steady: "I should have known that anyway, Mrs. Hastings, but—thank you for telling me. Perhaps we are

alone."

He said, after a thoughtful moment: "I'm sorry, but I sent Julie home for the night when I returned. She'd been at the house all day, so I told her to go. If I'd realized that you were alone I would have sent her here."

It came to Gay in a surprising flash, that in spite of James Halliday's cynical mouth and hateful stories, he was really kind. He had come from his mother's funeral, to find only an empty house, yet he was thinking not of himself, but of her. She looked up gratefully to find him brushing a weary hand across his eyes.

"You mustn't worry about me," she told him. "I'll go up pretty soon and sit with the babies. They're company, even if they're asleep. You ought to go home to bed, Mr. Halliday. You've been through so much today."

He drew a quick breath, as if surprised at her sympathy. "Thank you," he said simply. "It has been a hard day, and—"

He broke off suddenly, then added: "Mrs. Hastings, I think I ought to tell you something. I know we're both having the same thought—that an accident may have delayed them, because accidents are no uncommon thing. But

I know anyway, that at three this afternoon they were all right. I—I saw them."

"Where?"

In her surprise the question broke from Gay's lips involuntarily, though in another moment she would have withheld it, for Halliday winced.

"My mother was born only a few miles from Anton Bay," he answered quietly. "I took her there today. There was a railroad crossing to pass on the way to the cemetery, and a freight train stopped us. It was long freight. There was only the horse, and—myself. My sister was too ill to go. While we were waiting an automobile came along beside us. It was Mrs. Halliday and your husband. Of course—they did not see me."

"Oh, no!" protested Gay, and her breath quickened. He broke off suddenly, then added: "Mrs. Hastings, I think I ought to tell you something. I know we're both having the same thought—that an accident may have delayed them, because accidents are no uncommon thing. But

unduly upset. Tire troubles sometimes make long delays, and if this shower struck them it would have meant also going. Do you want me to stay longer, or would you rather be alone? surely we would have been notified had they met with an accident after I saw them. The sensible things is to go to bed and to sleep."

"Could you?"

(To Be Continued.)

Electron Tubes

Silent Power That Performs Many Marvelous Duties.

Industry is rapidly substituting beams of light for some of the clicking cogs of its machines.

Electron tubes are introducing this silent power. The tubes are called the "Tron" twins, Phil and Thyra, brother and sister of the well-known photo-electric "eye."

Some of them turn on street lights, read temperatures of hot furnaces; furnish automatic train control; turn out electric signs, and run a host of switches for motors.

The "Tron" twins were described to the American Institution of Electrical Engineers by W. R. King, of the General Electric Company in New York.

Newspaper Advertising Profitable

British Radio Manufacturers' Association Makes Successful Deal

After years of experiment, officials of the British Radio Manufacturers' Association are convinced that newspaper advertising is the most profitable for sales promotion. The association, representing leading British radio and allied manufacturers, spent \$5,000,000 in advertising in newspapers during 1930, it was announced recently, and during that period the manufacturers' turnover increased 40 per cent. "Scientific market research," said an official, "reveals that the investment of \$5,000,000 has yielded dividends in total business to the extent of \$30,000,000."

Sweet and palatable, Mother Graves' Worm Extirminator is acceptable to children, and it does its work surely and promptly.

Plants Store Water

Vine in Arid Regions Can Store Sufficient Water To Last 15 Years

A vine in the arid regions of Arizona and Sonora stores water in an expanded base in such quantities that it has been known to live on its reserves for 15 years, Dr. Daniel T. MacDougal, director of the Desert Laboratory at Tucson, Ariz., said recently in a radio talk on "The Thirst of Plants."

"A tree cactus," he added, "may hold many hundreds of gallons of surplus water. Many plants in that region have now water supply laid in which would keep them alive until 1933 or 1934. An acre of cabbage will use 2,000,000 quarts of water in a season, and 200 bushels of corn on an acre require nearly double that amount. One of these trees loses about 80 quarts of water as vapor daily from its leaves."

Cannot Finance Work

Though the B.C. Government favors a line to the Peace River, its financial resources prevent it undertaking the work of extending northward the publicly owned Pacific Great Eastern Railway.

Guss—"So you sing in a quartet now?"

"Yes—I do. The other three merely fill in."

Double-deck interurban cars have appeared in England.

Rheumatism Routed. Rapid Relief.

Mr. Arthur Padgett, of Barnaby, writes:—"For the last few years I have suffered with rheumatism and severe attacks of indigestion. I suffered great pain in the back and wrist, and was unable to move without relief. A friend advised me to try at once Carter's Little Liver Pills—this I did and received immediate relief. I am a miner, and I strongly recommend your valuable pills to all sufferers of rheumatism, indigestion and constipation. Take Carter's Little Liver Pills for sick headache and indigestion. All drug dealers sell and try and get

A FARCE COMEDY

Entertainment was provided for a number of citizens last evening by a visit here of Rev. J. F. Knight, of Macleod, in the interest of the beer plebiscite petition. We refer to the matter as an entertainment, because it was most amusing to listen to some of his statements, such as he "could in twenty-four hours show up no less than four bootlegging joints in Blairmore;" that "hotels in Alberta did not operate dining rooms;" that he "had known of young people becoming intoxicated on one glass of our beer;" that he "was told by a woman in the Macleod district that she could purchase a bottle of liquor from the vendor for five dollars and retail it for thirty-five dollars;" that "you could smell beer or liquor in every room of hotels in Alberta," etc. Mr. Knight won no sympathy in Blairmore, simply because of such statements as above, coupled with the fact that he is a temperance fanatic. None of the above statements can be proven. If Mr. Knight knows so much about bootlegging here, why does he not inform the police or institute proper proceedings? The majority of hotels in Alberta operate dining rooms, in which meals can be had as good as enjoyed in the home of the average parson. No young person could become intoxicated on a glass of beer or brewer's are today permitted to manufacture, without the added touch of hard stuff. No person in Alberta has ever obtained \$30 or more for a bottle of liquor costing them \$5.00, unless the average 50-cent drink could be contained in a tablespoon; and you can go into at least ninety per cent of the hotel rooms in Alberta, and not suffer from the fumes of liquor or beer. The meeting, held at the mission hall, was poorly attended. The petition referred to is not being supported in this district as strongly as in the farming districts, and it is a safe bet that while 60 per cent of the provincial voters may have been induced to sign the petition through a house-to-house canvas, that far less than that percentage would be sufficiently interested to vote. We say, leave the liquor act alone as it stands. It already has been changed to something far different from what the people of Alberta voted upon a few years ago. Privileges afforded by the Act today are appreciated by a large number of Alberta citizens, who spend ten cents or ten dollars when they feel they can afford it, and why should they be deprived of this privilege to satisfy a measly few fanatics?

Thus endeth one of the biggest farce comedies ever staged in Blairmore, as far as the local public are concerned.

GOING AFTER BUSINESS

Oshawa, Ont., January 28.—An aggressive advertising campaign, with newspapers display columns carrying the brunt of the attack, is promised for this year by H. M. Ireland, advertising manager of General Motors of Canada, Limited.

Long one of the Dominion's leading advertisers, the General Motors organization lent its endorsement to the pulling power of the newspaper by using 520 dailies and weeklies to announce the new models of Chevrolet, Pontiac and Oldsmobile early this year. This was one of the largest newspaper schedules ever used by General Motors of Canada, and was adopted in spite of the oft-reiterated talk of subnormal business conditions

and—the generally slackened promotional activities of manufacturers and out of the automobile industry.

"We made this move," Mr. Ireland explains, "because we are believers in the view that the only way to make bad business good, and good business better is to put greater effort into your activities when you face subnormal conditions."

The Blairmore Enterprise has been included in the General Motors' advertising campaign for a number of years, and is again numbered among the papers in Alberta that are to be used this year.

DIG! DIG! DIG!!!

Said the Little Red Rooster: "Gosh all heck! Things are getting tough; seems that worms are getting scarcer and I cannot find enough. What's become of all those fat ones is a mystery to me; there were thousands through that rainy spell—but now where can they be?" The Old Black Hen who heard him didn't grumble or complain. She had lived through lots of dry spells, she had lived through floods of rain. She've upon the groundstone, and she gave her claws a whet, as she said, "I've never seen the time there weren't worms to get." She poked a new and undug spot; the earth was hard and firm. The Little Red Rooster leaved. "New ground! That's a place for a worm." The Old Black Hen just spread her feet; she dug both fast and free. "I must go to the 'ern," she said. "The worm won't come to me."

The Rooster vainly spent his day, through habit by the ways, where far round worms had passed in squads back in the rainy days. When night-fall found him suppers, he growled in accent rough. "I'm hungry as a fowl can be, conditions are so tough." He turned then to the Old Black Hen and said, "It's worse with you, for you're not only hungry, but you must be tired to. I rested while I watched for worms, so I feel fairly perk; but how are you? Without worms too, and after all that work?"

The Old Black Hen hoped to her yer-h and dropped her eyes to sleep, and murmured in a drowsy tone: "Young man, hear this and weep: I'm all of worms and nappy, for I've dined both long and well. The worms are there as always—

I HAD TO DIG
like H—."

THE LORD'S DAY ALLIANCE AND LAW ENFORCEMENT

There seems to be a rather widely extended opinion that it is the business of the Lord's Day Alliance to enforce the Lord's Day Act. This is not in accordance with the facts either as a matter of history or of policy. The Alliance has consistently refused to exercise the functions of the police. It does not detect crime. It does not prosecute. The only instances in which the Alliance has felt justified in taking a case directly to the courts have been, either to obtain an interpretation of the meaning of some clause in the Act, or to appeal from some court judgment with which it did not agree.

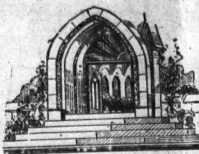

The Lord's Day Alliance conceives its function to be a threefold one:

1. To endeavor to bring about a better observance of the Lord's Day Act by correspondence or interview with companies or persons who have been reported as violating that law.
2. To bring pressure to bear upon the civic authorities in the interest of a better enforcement of the Act.
3. To educate and stimulate public opinion (a) as to the character of the Act, (b) as to the values of Sunday observance.

Thus, the Alliance remains true to the slogan adopted many years ago: "Education, not dictation; persuasion, no coercion."

C. H. HUESTIS,
General Secretary,
The Lord's Day Alliance of Canada.

Afternoon Service at 4 o'clock.

WHOEVER CALLED THEM 'POOR FISH'?

Just another fish story, but this time the fish didn't bite but were bitten and by the strong spirits of homebrew.

Last summer, people on the Red River, around Winnipeg, wondered at the queer antics of fish, which would swim to the top of the water, roll on their backs, and perform peculiar antics.

It was discovered that all homebrew confiscated during police raids is dumped into the sewer and flows into the Red River. Hundreds of gallons have been poured into the Red River in the past year, some of it 160 per cent proof spirits.

INDIAN RELICS FOR NEW YORK MUSEUM

Two Indian totem poles, relics of the Pacific Coast Indians of long ago, left Prince Rupert recently for New York City, where they will be placed in the Museum of the American Indian Heye Foundation.

The totem pole, a pole decorated with carvings of animals and birds, tells the history and indicates the social standing of an Indian family. The Pacific Coast Indians excelled in the construction of these poles, and along the Pacific Coast from Prince Rupert to Alaska they are found on the sites of old native villages. At the Indian village of Kitwanga, a short distance from Prince Rupert along the line of the Canadian National Railways, may be found the greatest collection of totem poles in the world in an almost perfect state of preservation.

TELLING THE WORLD

Word comes from Ontario that a new collection plate is being introduced into the churches. Its mechanism is such that when a half dollar is dropped in there is no action. When two bits is deposited a bell rings; when ten cents goes in, a whistle blows shrilly, and when a five cent piece is dropped in, a blank cartridge is discharged. Rev. Father Ryan, of St. Mary's pro cathedral, Hamilton, in describing this new contribution plate, remarked: "I'm afraid if we had one of these plates the roof of the cathedral would have been blown off many a time.—Lethbridge Herald.

A Dutchman, an Irishman and a Scotchman were boasting of their generous expenditures. The Dutchman, to show his little concern about the high cost of living, pulled out a cigar and lit it with a \$50.00 bill. The Irishman, not to be outdone by the other, did the same, except he used a \$100.00 bill. The Scotchman, unwilling to take defeat at the hands of his neighbors, wrote out a check for \$1,000.00 and lit his pipe with it.—Blue Anchor.

COWLEY HAPPENINGS

John Kemmis, of Calgary, was a visitor to these parts during the week.

A dance was held at the Tanner school on the North Fork on Friday night.

Milton Robinson has returned from Vancouver where he paid a visit to his family.

The Ladies' Bridge Club was entertained by Mrs. Christie on Monday night at her home.

Glen Bowerman and daughter have returned by motor from an extended visit with Glen's parents in California.

A number of the local citizens motored to Lundbreck on Wednesday night to attend the wheat drive, which was sponsored by the Roman Catholic church.

Johnny Spears, who has been a resident of the foothills of the Porcupines for a number of years, suddenly became demented the latter part of the week. On Friday he was taken to Ponoka, where he will receive proper attention. Mr. Spears has a wife and five children, left at home.

On Friday night last, a social evening, sponsored by the Ladies' Auxiliary, was held in the L.O.O.F. hall. The early part of the evening was spent at cards. Prizes were won as follows: ladies' first, Dick Alexander; consolation, Mrs. Charles Fordyce; gent's first, Ben Kaye; consolation, Jack O'Connell. The latter part of the evening was devoted to dancing. The proceeds amounted to around twenty dollars, which was added to the Church of England fund.

A good one is told on some Clarksburg farmers, who recently hunted in the foothills. One hunter shot at and wounded a deer. He followed it till he himself became fatigued and quit the chase. Another hunter happened to get within range of the crippled animal and finished it. The first hunter wanted to claim the trophy, so Charles Yokum was called to arbitrate. It was divided this way: hunter number one was allowed the head, hunter number two the hide and front quarters, Mr. Arbitrator the two hind quarters.

should establish a park at Crow's
Nest Lake.Reports from Hillcrest announce
that the stork has landed there soon
to Mr. and Mrs. Jack Green, of May-
croft, and Mr. and Mrs. W. Harry
Stobbs. We hasten to congratulate
both couples, also to highly commend
the stork upon its excellent judgment
at this time.In the Alberta legislature, Fred
White, labor, Calgary, opposed the
proposal to reduce salaries to civil
servants and urged for extended re-
lief through the Workmen's Compensa-
tion Board. G. S. Cruickshank,
Rocky Mountain, stressed the urgentReports in regard to the recent
bond issue of \$70,000,000 of the Cana-
dian National Railways, indicate
that slightly more than 50% of this
was absorbed in Canada, reflecting a
marked change in sentiment in recent
months. The receipt of funds from
this offering will enable the company
to pay back indebtedness to the
banks, and improve the position of
the latter insofar as surplus funds
are concerned.Two former opera stars appear
with Grace Moore, famous Metropolitan
soprano, in "A Lady's Moral,"
her first Metro-Goldwyn-Mayer star-
ring vehicle, a romance based on the
life of Jenny Lind, the Swedish
singer, which will appear Monday and
Tuesday next at Cole's Theatre. They
are Paul Ponsani, famous Italian
opera singer and composer, later a
stage dramatic star, and Giovanni
Martino, recently of the Metropolitan
Opera Company in New York. Sidney
Franklin directed the new pic-
ture, with Reginald Denney in the
leading male role, Wallace Beery,
Jobyna Howland, Gus Shy, George
Marion, Bodd Rosing and Mavis Vil-
liers.A good book is like a magic carpet,
it will transport you in a few seconds
to far away lands. You can see the
blue of the Mediterranean or the
green of the Northern Seas; the yel-
low gold of the desert, or the glaring
white of the Poles; you can descend
into the bowels of the earth or soar
in unlimited space; you can wander
backward down the corridor of time
or project yourself into the future
where time is no more, or if you pre-
fer speculate on the relativity of
time itself; you can wrestle with stub-
born facts or let imagination wait
into the world of fiction, where
girls are always beautiful, boys al-
ways brave and true, love always re-
warded. There are almost 3,000 of
these "magic carpets" at the library
for you to select from. Come in any
Tuesday, Thursday or Saturday from
7 to 9 p.m. and let us show you.**Local and General Items**Great excitement follows the dis-
covery of platinum deposits in the
Livingstone Range west of Stavely.Nova Scotia has a larger deficit
than anticipated in the estimates. For
the year ended September 30th, the
deficit was \$488,208, as against a
forecast of \$401,704.Edgar Rhys, formerly of Hillcrest,
is now playing in "The Highway
Trail" at the Grand theatre in Cal-
gary. Mr. Rhys is well known in this
district as a singer, and at one time
had the honor of appearing by royal
command at Marlborough House.Under the auspices of the provin-
cial department of health, Dr. Mar-
garet Owen gave several lectures on
hygiene in Blairmore on Thursday
last, which proved very interesting to
the large number of ladies present
at the meetings, one of which was
held at the United church, and an-
other at the Lodge hall, following a
meeting of the Rebekahs.Bennie Rubin is himself in the role
he plays in "Marianne," Marion
Davies' first talking feature, playing
at Cole's theatre at Hillcrest on Sat-
urday, as a new Metro-Goldwyn-
Mayer presentation. In the picture,
Rubin plays the part of a Jewish
violinmaker and prankster, doing the
same sort of clowning that he made
famous as a vaudeville and master
of ceremonies. Robert Z. Leonard
directed the Davies' picture with
Lawrence Gray Cliff (Ukelele Ike),
Edwards, Robert Edson and others
of note in the supporting cast.Hundreds of saxophones, accord-
ions, horns, bagpipes, guitars, drums
and other instruments, each kind
forming a tremendous band by itself,
were used in the spectacular "Melting
Pot" number of "King of Jazz,"
the Universal super-musical extravaganza,
starring Paul Whiteman and his
orchestra, which comes to Cole's
theatre on Friday and Saturday, Feb-
ruary 20 and 21. The "Melting Pot"
number is the finale of the all-mov-
ie-tono, all technical production, and
John Murray Anderson, the famous
New York vaude producer, who di-
rected for Carl Laemmle, Jr., has suc-
ceeded in eclipsing anything hitherto
presented either on stage or screen.Chalk up the long-distance dialogue
writing championship to Charles Mac-
Arthur. After finishing the script
for "Paid," Joan Crawford's new
starring vehicle, which will be shown
at Cole's theatre on this Friday and
Saturday, MacArthur hopped off for
New York to complete work on a
play. This is Miss Crawford's first
straight dramatic role, and in it she
achieves a brilliance of characteriza-
tion that will establish her among the
front ranks of dramatic stars. The
role of Mary Turner becomes amaz-
ingly realistic in Miss Crawford's
understanding hands and throughout
the picture she maintains an even
tempo of emotionalism that lends a
convincing tone to her performance.**NEW WAYS TO SERVE A FAMOUS BEVERAGE****HERE'S A PUNCH**

After a trip through western
Canada during which he and his
two directors studied at various
range business and agricultural
conditions in the four western
provinces, E. W. Henry, chair-
man and president of the Cana-
dian Pacific Railway, recently an-
nounced a programme of improve-
ments and extensions to be un-
dertaken forthwith by his rail-
way which may be described as
bold in conception and nation-wide
in incidence. This work is ad-
vanced to the present time from
next year and 1932 and will fur-
nish work for farmers and their
work animals and absorb as much
as possible of the surplus labor in
towns and cities.Speaking at Winnipeg after a
tour of western Canada, with E.
W. Henry, chairman and presi-
dent of the Canadian Pacific Rail-
way, General Sir Arthur Currie
said he returned to the east "more
proud, more confident of the coun-
try than ever before." Admitting
that the times were uncertain and
anxious Sir Arthur urged that
wealth, opportunity and resources
belonged to Canadians and the so-
lution of national distresses was
"up to our men and women and
I believe in the Canada that
will lead the world." As an in-
stance of the creation of new
wealth in Canada, he cited the
Peace River country with which he
had been profoundly impressed.Occupying the entire top floor of
the Royal York Hotel, Toronto,
Canada's most up-to-date road
house, the Canadian Pacific Rail-
way, "hour of cheerfulness" de-
clare that fish in the Mersey River
are climbing a fishway 55
feet high and "do make the
climb up the river without diffi-
culty."How high can a fish climb?
This is a question over which op-
era of sailing have often argued
and debated. Many experts de-
clare that 50 feet is the maximum
for a fish to climb by means of a
natural fishway. The Canadian
Government Department of Fish-
eries in an official statement de-
clares that fish in the Mersey
River are climbing a fishway 55
feet high and "do make the
climb up the river without diffi-
culty."Consumption of gasoline in Cana-
da increased 543 per cent. from
1920 to 1927 and in the same pe-
riod the use of fuel and gas oil
advanced 128 per cent. The wider
use of motor cars, the tractor
and other agricultural machinery
is given as the reason for the
great increase in the use of gaso-
line and the growing popularity in
the use of oil for heating pur-
poses accounts for the advance in the
consumption of fuel and gas oil.An impressive march past of
over 9,000 sockeye salmon was
seen this summer at Stamp River
falls, B.C. The fish were taken
June 11 to July 23 to pass the
falls by aid of the fishway con-
structed by the Canadian Govern-
ment Department of Fisheries. A
count of the fish was made at the
falls during the season and the
total was 1,200,000. As com-
pared with the previous year there
was a large increase, 9,661 against
2,137.Total production of honey this
year in Saskatchewan will be over
700,000 pounds and its value of
about 300,000 pounds over the out-
put in 1929. Since 1927 the num-
ber of bee colonies in Saskatchewan
has increased 213 per cent.At the Ideal Homes Exhibition
recently held in Edinburgh, Scot-
land the Canadian exhibit was
awarded the gold medal for gen-
eral excellence. This award was
made in the face of keen competi-
tion from all the nations present
from all parts of the British Em-
pire.A preliminary report on Canadian
tobacco production shows the 1930
area at 41,391 acres and the produc-
tion at 36,712,500 pounds, as com-
pared with last year's area of 37,700
acres with an output of 29,756,000
pounds. In 1930 Ontario harvested
23,075,000 pounds from 37,170 acres;
Quebec had 2,600,000 pounds from
9,000 acres and British Columbia
1,170,000 pounds from 221 acres.Gross value of the manufactured
products of the pulp and paper in-
dustry in Canada for 1929 was
\$24,970,761. This does not include
pulpwood nor the pulp made in
combined pulp and paper mills for
their own use in making paper.Radio came into play recently to
maintain the Royal Canadian
Mounted Police tradition of "get-
ting the man when Mrs. Donald
McIntosh, of Glasgow wrote C.P.R.
headquarters in Montreal to help
locate her son, Angus, after months
of silence. The railway through
J. J. Scully, general manager eastern
line, got in touch with W. W.
Siddons, superintendent command-
ing Saskatchewan district of the
R.C.M.P. who in turn applied to
radio sources. Angus was located
listening in at Saskatoon, got the
message from home and at once
communicated with his mother.George M. Inverarity and J. K.
Christison, of Carberry, Manitoba,
won the boys and girls swim club
championship on Canadian Pacific
Railway lines in the province at the
annual competition recently held at
Manitoba Agricultural College.
They won the Manitoba Cup for
their club for the second time, gold
medals for themselves and qualified
for the trip to the Royal Winter
Fair at Toronto this month as
guests of the railway.Five

MAINTAIN BANKS ALWAYS HELPFUL TO THE FARMERS

Toronto, Ont.—Statements made by Hon. Robert Weir, Dominion Minister of Agriculture, regarding Canadian banks and the financial situation in the West at the banquet tendered to stock breeders and exhibitors by the Canadian National Exhibition recently were replied to by Sir John Ald, president of the Canadian Bank of Commerce, and A. E. Phillips, general manager of the Imperial Bank of Canada.

"The banks always have been very generous with the farmers of the West and they haven't changed their policy," said Sir John in commenting on Mr. Weir's demand that the bankers make their stand clear as to whether or not they will give credit next spring.

Instances cited by the Dominion Minister of Agriculture at the banquet in which a farmer and a rancher, both men of standing and large property holdings, had been refused relatively small loans, were referred to by Sir John. Other considerations must have entered in, he said. "If the facts are as Mr. Weir says, the farmers might have appealed to the superintendents of the bank at Winnipeg, Calgary or Vancouver," said Sir John. "They had a right to do that, or Mr. Weir might have written a letter to the head office of the bank setting forth the circumstances, and I think everything would have been straightened away satisfactorily."

The president of the Bank of Commerce stated that the banks at present have under consideration the proposal for the formation of a company to aid the western farmers capitalized at \$5,000,000 and which it is proposed to have backed up by the government, the railways and the banks.

Mr. Phillips declared that, instead of a shortage of credit to western farmers, the banks had been over-indulgent.

Mr. Phillips' statement follows in part:

"The west is suffering from an over-indulgence in banking credit rather than a shortage of credit, with the result that many farmers in Saskatchewan already owe their bankers for two or three years' advances and some of their debts go back farther than that. It is people in this class that are continually clamoring for more assistance from the banks."

"This bank has thousands of customers throughout the west who keep their affairs in proper shape and who are always able to obtain the banking credit they require. But once a farmer loads himself with more debt than he can possibly pay, it is futile for the banks to go on making further advances, which simply means giving away other people's money."

"I repeat that banking credit always has been and still is liberally distributed in the west and in those cases where further credit cannot be obtained it is usually a case for government or charitable relief. Nothing is gained by lending more money than a borrower can repay."

"I think it is time that somebody spoke out in the interests of the banks who have, over a period of years, literally put out millions in losses and who have millions in frozen debts negotiated in past and present endeavors to assist the western farmer."

St. Godard Wins Dog Derby

Captures First Prize and Gold Challenge Cup

Ottawa—Emile St. Godard, Le Pas, Man., repeated his victory of last year in Ottawa's international dog and derby. The young "man-of-mush" witnessed a grueling stretch drive by his fellow Manitoban, "Shorty" Russick, Cranberry Portage, to capture the \$1,000 first prize money and the Chateau Laurier gold challenge cup.

The veteran from Cranberry Portage drove over the final 33½ mile leg of the 100-mile race in three hours, nine minutes and 44 seconds. This was three minutes and three seconds better than St. Godard's time, but the lead piled up by the latter in the two previous heats was enough to give him victory.

St. Godard's elapsed time for the 100-mile derby route was nine hours, 18 minutes and 40 seconds. Russick required 9:22:30.

Most of the railway and tramway companies in Argentina are now owned by British capital.

W. N. U. 1876

Canadian Is Candidate

Brig.-Gen. Critchley Enters By Election Contest in Britain

London, England.—Although Lord Beaverbrook and his Empire crusaders have had nothing to say regarding the sudden withdrawal of their candidate, Paul Springman, from the by-election fight of East Ilkington, they have soon filled his place.

Brig.-General Alfred C. Critchley, formerly of Calgary, Alta., has been chosen as the candidate of the crusaders and of Lord Rothermere's United Empire party. With the announcement of his candidature Conservative hopes of a united Conservative vote were shattered.

Brig.-General Critchley was born in Calgary 40 years ago. He served with the First Canadian Division in France, going over as adjutant of the Strathcona Horse. He was later with the general staff. After the war, he was engaged in immigration work in Mexico and Central America. The general is vice-president of the British Portland Cement Association and is on the boards of other companies.

Kingston Welcomes Royal Travellers

Thousands Crowd Docks To Greet Prince Of Wales and Prince George

Kingston, Jamaica.—Greeted by an ovation from 50,000 persons who crowded the docks, the Prince of Wales and his brother, Prince George, stopped over here on February 4, on their voyage to South America.

Despite the busy day which awaited him on this island, the heir to the British throne found time to open a new golf course at Constant Spring at his leisure here, and to attend a polo match.

In the evening the royal guests were guests of honor at a reception given by Governor Sir R. E. Stubbs and Lady Stubbs at Government House. There they met the high dignitaries of the island.

At the end of the official welcome, the Prince of Wales pleased the crowd by making a short speech. He said that his brighter days were ahead and told the Jamaicans to face the future with courage.

The Radio Situation

Department of Justice Investigating Legal Aspects in Respect To Quebec

Ottawa, Ont.—Legal aspects of the radio situation in Canada, with particular reference to Quebec, are being placed before the Department of Justice for consideration, an announcement to this effect was made here.

So far the Dominion Government has not received copy of the questions which the Taschereau administration is placing before the Quebec courts respecting the claims of the Quebec Government for radio control in that province. When these questions are received, it was stated, they will be considered by the Department of Justice, and a decision will be made as to whether or not the Dominion authorities will be represented at the hearing, which is being initiated in Quebec.

Airplane Owners Sued

Ontario Woman Enters Action For Alleged Negligence

London, Ont.—The first action at law in Canada in which negligence in driving an aeroplane is alleged was called in the Court of Assizes of Middlesex County.

The accident occurred on July 27, 1930. The aeroplane, belonging to Roy and Douglas MacKinnon and Harry Peterson, of Sarnia, was making a landing at Port Frank when, it is alleged, its wing struck Mrs. Mary McGillivray, of Parkhill, as she was bathing in the lake.

She contends the owners of the plane were negligent in attempting to make a landing in the midst of a crowd of people and claims \$10,000.

May Consider Naval Pact

Britain's Decision Depends On Action Of France and Italy

London, England.—Lt. Hon. A. V. Alexander, First Lord of the Admiralty, declared in the House of Commons that, unless France and Italy adhere to the principles of limitation of naval armaments, Great Britain will have to reconsider her present construction program.

The British commonwealth, he said, was now building 46,145 tons in warships of which 2,555 tons were destined for Canada. France was building approximately 100,584 tons, and Italy 100,777 tons.

NEW ZEALAND 'QUAKE CAUSES GREAT SUFFERING

Auckland, N.Z.—As details of the story of Tuesday's, February 3, 'quake disaster in the Hawke Bay region unfolded today, February 5, New Zealand appeared for the first time to realize the full import of the terrible tragedy.

A dense shadow of death and suffering hovered above the stricken region, but against this dark background stood out deeds of splendid heroism and devotion. Into the dark desolation of the area so suddenly overwhelmed stroke doctors and nurses by the dozen, bluejackets by the score, and relief of all manner.

A general order was issued describing within two days the evacuation of Napier, capital of Hawke Bay province, and centre of the 'quake. Authorities feared an outbreak of some terrible disease if survivors remained in the once busy seaport town. Arrangements had already been made to evacuate 5,000 women and children to Palmerston, north of Napier.

Messages placed the dead at Hastings between 80 and 100, and 21 identified. Napier had 48 identified dead and scores of bodies lay unclaimed. At least 1,000 were injured, some critically, and other towns in the province were yet to be heard from.

The British cruisers "Dunedin" and "Dromedary" arrived at Napier and Commodore Blake immediately took charge of relief measures. An intercepted message from Blake to the "Dunedin," anchored some distance off shore owing to the virtual destruction of Hawke Bay harbor, requested an immediate store of explosives, indicating the commodore planned to blow up all standing buildings to check the advance of flames.

Fire still raged in Napier and Hastings, licking through the ruins of the broken cities while firemen could only watch, helpless because of shattered water mains. The steamship "Taranaki" sailed from Napier for Auckland with refugees, and the "Northumberland" was expected to do likewise.

Napier was a scene of utter desolation. Hardly a single structure remained erect. The death toll mounted steadily as rescue workers tore into the debris, finding body after body.

It was expected that the number of deaths would be known. Several residents of Napier declared that for two days prior to the 'quake an exceptionally heavy sea was running for no apparent reason. The first shock was preceded by sudden roaring and grinding sounds. Then, it seemed the whole earth heaved convulsively, buildings groaned and bent under the strain, then crashed down in clouds of dust.

People rushing from collapsing

BRITISH SPEED KING

Captain Malcolm Campbell, British speed driver, who broke the world's record with his 1450-horsepower automobile, the "Bluebird." He became the first man to attain a land speed of four miles a minute or more.

buildings were trapped by falling walls. Others were trapped within and, if they escaped the quick death of the tumbling walls and roofs, perished in the subsequent flames. The tremors continued throughout the day and night.

Napier was unanimous in its praise for the officers and crew of the British ship "Veronica," anchored in the harbor when the 'quake occurred. Commander H. L. Morgan and his men went ashore immediately and started relief work. Many amputations and operations were made without the use of anaesthetics owing to lack of supplies.

Napier looked as if it had been bombarded by heavy artillery. Streets were piled high with bricks and rubble that once composed fine buildings. Outside the business centre the damage was severe, but not quite so extensive. Landslides destroyed many beautiful homes. Railroads were crippled. Bridges buckled like tin foil.

The greatest toll was claimed at Napier Technical College. At least 20 boys and girls were killed when this building collapsed. Several boys, returning to save a group of trapped girls, were crushed when a subsequent 'quake tumbled the walls.

Death toll at the nurses' home of the Napier hospital was placed unofficially at 22. Night nurses were sleeping and few escaped. Of those who did, many were severely injured.

Faces Breakdown

Premier Ramsay MacDonald Advised To Take Complete Rest

London, England.—Prime Minister Ramsay MacDonald, it is reported, has been advised by his doctors to take a complete rest for a few days to avoid a breakdown from overwork.

Apart from a holiday at Lissosmo, his native place, in 1929, and a few days' rest last summer, the prime minister has been continuously at work since the Labor Government took office on June 8, 1929.

POPULAR BRITISH SCREEN STAR

Miss Adrienne Allen, popular young British screen star and the wife of Raymond Massey, the well-known Canadian actor and producer on the London stage and the brother of the Hon. Vincent Massey, the former Canadian Minister of Education, is visiting Canada. Miss Allen won overnight fame in her performance in "Loose Ends," and is shortly to appear in other productions. Her husband also is said to be turning to the screen.

War Claims Adjustment

Money Is Found To Be Owing To German Prince

Ottawa, Ont.—As a result of the finding of the Anglo-German mixed arbitral tribunal, which is settling claims with respect to German property, arising out of the war, Canada has credited the German clearing office with the sum of \$49,153. The credit is authorized in connection with real estate transactions involving Prince Von Hatzfeldt, a German nobleman, and Alvo Von Alvensleben, arising out of the sale of property on Lul Island in the mouth of the Fraser River in British Columbia. The department of the secretary of state here, in confirming the credit, mentioned that the sum would be set off against some three million dollars due Canadian citizens in connection with war claims against Germany. Cables from London state that the tribunal finds the German prince entitled to claim back payments paid by him on the property.

Reasoned Optimism

New Vistas and Opportunities For Surveyors and Explorers in Canada

Ottawa, Ont.—Reasoned optimism and not pessimism should be the dominant note of public feeling in Canada, Sir George Garneau, of Quebec, told the Dominion Land Surveyors at their annual luncheon here, Sir George was the chief speaker, and gave an historical sketch of the progress of exploration and surveying in Canada from Champlain's time to the present.

Hon. T. G. Murphy, Minister of the Interior, said he was loath to think the Department of Interior had fulfilled its usefulness now that the natural resources had been returned to the prairie provinces. The surveyors would find new vistas for activity and opportunity of continued service for Canada in opening up the districts north of these provinces. W. Maxwell, president of the Association of Surveyors, was chairman.

CHINA SECURES WHEAT SUPPLIES FROM AUSTRALIA

Tokyo, Japan.—China has become a large buyer of wheat and flour and will continue a very important market for wheat in the future, according to Hon. Herbert M. Marler, Canadian minister to Japan. Mr. Marler has just returned from an extended visit to China where he made a careful investigation of that country's trade possibilities.

At present, the minister said, China is purchasing large quantities of wheat from Australia, which, owing to the decline in exchange rates, Australians will be able to sell as much as \$4 a short ton under Canadian prices.

This fact, Mr. Marler added, eliminates every possibility of Canada and the United States competing with Australia in the Chinese market during the current season.

Mr. Marler is greatly concerned over the danger threatening China from decline of silver prices, and expressed the opinion that unless remedial measures are quickly found, China will soon cease to exist as a market for foreign goods.

Ottawa, Ont.—Reports as to the prospects of selling Canadian wheat to China have been made by Hon. Herbert Marler, Canadian minister to Japan, who recently visited China. The nature of these reports, which were made to the government here, has not been announced. However, recent communications from Canadian trade commissioners in the Orient are understood to have contained much the same information as that in Mr. Marler's interview in Tokyo.

Australia is in a position to sell wheat more cheaply to China than the prevailing prices for the Canadian product. Of course, Australian wheat sold to China is off the market, and will not compete with Canadian wheat in other countries, so that the fact Chinese are buying wheat may help Canada indirectly.

Trade with the Orient was one of the subjects dealt with by Premier Bennett in his speech at Regina a month ago. His remarks, in part, were: "We will by all means in our power strive to secure a great market in the Orient for our products, and I have no doubt but we will succeed. Our minister to Japan, Hon. H. M. Marler, is, I hope, at this very hour on his way to discuss with the government of that great country the purchase of millions of bushels of our wheat."

BRITISH DRIVER SETS NEW RACING CAR RECORD

Daytona Beach, Fla.—Captain Malcolm Campbell, 46-year-old British racing car driver, established a new world's automobile speed record of 246.733 miles an hour on the sands of the natural beach speedway here.

Roaring twice over the course in his huge 1,450-horsepower Bluebird machine, he exceeded the previous record by 14.371 miles an hour, and became the first man in the world ever to attain a land speed of four miles a minute or more.

The previous record was 231 miles an hour established here in 1929 by the late Sir Henry Segrave, also of Great Britain, who later was killed in a motorboat accident at Lake Windermere.

Campbell was clocked at 246.585 miles an hour on his first run southward over the course and on his second trial at 244.897. His average speed for the kilometer, which is approximately five-sixths of a mile, was 246.086. The kilometer course was laid out within the measured mile.

Despite the fact that the beach was not in perfect condition, the giant racing car held to the sand and at no time showed tendency of getting off its course.

After completing both runs, Campbell expressed disappointment that he had not been able to set a higher record. He blamed the unevenness of the beach and poor visibility for failure to travel faster.

"I am not satisfied with the record," he said, after he had torn himself away from a huge crowd of spectators and racing officials who swarmed out onto the beach to congratulate him.

"The car has lots more speed in it and I am a bit disappointed that conditions prevented me from going faster."

"The unevenness of the beach held down my speed and the visibility was so poor that I could do no better. At no time during my runs could I see more than 300 or 350 yards beyond the nose of the car over the course. My car was picking up speed all the time and I would have gone much faster if conditions had been better."

Campbell decided to state whether he would make an attempt later to raise his own record or let it stand. He previously had said, however, that he planned to make an assault upon the record for five kilometres, and 100 miles, before his return to England.

Itinerary Is Completed

Tour of Demonstration Train Through Saskatchewan Was Satisfactory

Winnipeg, Man.—Following a successful tour of two months, the seed grain and dairy demonstration train, operated by the Saskatchewan Government, co-operating with the Canadian National Railway, has completed its itinerary. During the tour 42 rural points were visited with a total attendance of 3,051 adults, and 1,330 children. The second half of the schedule was the most satisfactory with an aggregate attendance of 2,049 adults and 871 children at the 20 points visited.

It is believed that the tour will prove invaluable in the preparation of exhibits for the world's grain show to be held in Regina next year. Special emphasis was given to this feature in the lectures as well as to seed cleaning and the results to be obtained from the effective use of the various types of seed cleaners.

Lumber For New Zealand

Extension Of Credit For Stricken Areas Is Advocated

Toronto, Ont.—In order that New Zealand might be enabled to purchase Canadian lumber and building materials for the reconstruction of areas devastated by the recent earthquake, extension of credits will be urged on the Dominion Government by the Canadian Lumbermen's Association.

A resolution naming a committee to lay this request before the government was passed recently by the association in convention here. It carried unanimously without discussion.

Must Pay Own Fare

Mexico City.—Foreigners deported from Mexico would have to pay their own fare home, under the terms of a proposal before this week's national immigration conference meeting here. Those not financially able to do so would be placed in a penal colony where they could earn the necessary funds.

Robin Hood Rapid Oats

Best Because It's "PAN-DRIED"

A red nose is no longer a sign of drink. He may have a girl who uses rouge.

Capt. W. A. Beebe and W. H. Chapell returned from Edmonton last week end.

Dan Lewis, Art Kelly, Dave Oliver and Bill McVey took in the Drumheller and Turner Valley-Okotoks hockey game at Okotoks on Thursday last. They were accompanied on their motor trip by Miss Jessie McVey.

Dr. J. Olivier was down from Creston on Sunday on a visit to his family.

Mr. Arthur Hadwell has been removed from the hospital to his home, but is yet confined to his bed.

We are asked: Why is it that the penalty for speeding in the Crows' Nest Pass must be from fifteen to twenty dollars, while in other parts of the province, including the cities, it is seldom more than a ten-spot?

Miss Cartwright, teacher of the Firgrove school, visited her home here over the week end.

Mrs. Dave Emery left this morning for Twin Falls, Idaho, where she had been called through the very serious illness of her father.

The new fertilizer plant of the Consolidated Mining and Smelting Company, at Tadoussac, which cost in the neighborhood of ten million dollars, was set in operation last week.

A Valentine dance will be held in the Kootenay hall at Natal on Monday night next.

Remember the St. Valentine's dance at Hillcrest tomorrow night, under auspices of the Hillcrest Italian Society.

The marriage took place here on Tuesday of William Russell Livingstone to Miss Janet Russell Walker, both of Lethbridge. Rev. J. W. Smith, B.D., performed the ceremony.

Local and General Items

There is always two sides to every question; the wrong side and our side. Some times it's only a short distance from the lipstick to the broomstick.

The Earl of Bessborough will succeed Lord Willingdon as governor-general of Canada.

A certain amount of opposition is a great help to a man. Kites rise against, but not with the wind.

Mr. and Mrs. R. W. Harold Pinkney are feeling quite cocky this week over the arrival of a son on Monday morning, via the D.F. Stork.

LET'S GO to the Hardtime Dance, Moose Hall, February 20th, auspices of local Rebekah Lodge, L.O.O.F. Drawing for bed spread will take place at this dance.

All those who have not procured their motor licenses for the year 1931 on or before February the 15th will be prosecuted, according to announcement made by Inspector Scott, A.P.P.

Edmonton *scribes* that Johnny Walker will be slaughtered to the extent of thirty cents a bottle. Friends and acquaintances will please accept this, the only intimation. No flowers, please.

A shower in honor of Mrs. Leonard Mark (nee Arletta Link) was held at the home of Miss Margaret Patterson on Friday night last, when she was presented with a basket containing useful household articles.

Mayor Roberts and Aldermen Balmont, Scott and Little, of Cranbrook, have tendered their resignations to the city, on account of protest from the ratepayers over the action of the council in handing the policing of the city to the provincial police.

Val says that women are distinctly different in their makeup than the men. He claims a woman's first finger is longer than her third, and that a man's first finger is shorter than his third. It's good to know how to distinguish one from the other, so we thank Val for his timely pointers.

Blairmore vital statistics for the past week included the following disasters: seven weddings, no deaths, two births, three inebriates and one victim of speeding. This latter, we are sorry to have to admit, was a member of the A.P.P. Police, who cannot prove there was any necessity for his travelling so wildly back and forth through our main street at 5 p.m. on Sunday.

It's lucky for Solloway and Mills and those great desperadoes that they were arrested at a place other than Blairmore, for, judging by the manner in which a harmless individual was chained to be escorted to Lethbridge last week end, to get their just portion, 'twould be necessary to bring into service all the powerful chains contained in the British Empire. We would venture to state that this local victim of circumstances could have been escorted just as successfully had he been attached to a four-year-old boy with a piece of rotten yarn. The pathetic picture reminded us of the old crime days in Alberta.

Angelo Mutto, of Blairmore, a patient at the Ponoka asylum, escaped from that institution the night of January 28, heading south. The Canadian Pacific, agent at Blackfalds sent in word to the A.P.P. office at Red Deer at 9 a.m. on January 29 that a crazy man had set fire to two box cars in the yard there. The man was found by Sergt. Holmes and Const. Ashby half an hour later, arrested and taken back to Ponoka. He had started a fire on the floor of one new box car and burnt a hole 2x4 through the floor, the other car was slightly burnt in the floor. He had apparently tried to warm himself with fires inside the cars.—Red Deer Advocate.

J. E. Gillis was a business visitor to Macleod on Monday.

It is just as well to forget your troubles, because there are a lot more coming.

Leave the price tag on a gift you're giving to a woman, and save her a trip down town.

Peter Slevin, aged sixteen years, was drowned in a small lake near Pincher Creek on Sunday afternoon.

The Michel Intermediates will meet the Pass Junior Cubs at the Bellevue arena tomorrow (Friday) night at 8 o'clock.

Freddie Brown underwent a very critical operation at the local hospital on Friday last. The operation was performed by Dr. Rorden in the presence of a number of medicals.

VALENTINE TEA—Don't forget the Valentine Tea, under auspices of Servanus Group, C.G.I.T., in the Moose Hall on Saturday afternoon, February 14th, from 3 to 6.

A Placok, former proprietor of the Orpheum theatre here, now farming near Okotoks, sowed two acres of oats on January the 31st. Hello, California, how much can you beat it?

A quiet wedding was solemnized at the United church manse, Bellevue, on January 10th, when Arletta, second daughter of Mr. and Mrs. Alf Link, was united in marriage to Mr. Leonard Mark, both of Blairmore, by Rev. Mr. Wood.

Here is a mistake, typographical or otherwise, that appeared in the Lethbridge Herald on Saturday: "Process server claims German through him down marble stairs." Another daily paper carries a heading: "Death Was Fatal." Of course it was.

A Blairmore man, recently converted, was asked to pray at a church service. He prayed for the needy, and asked the Lord to send, them flour, bacon, lard, a barrel of sugar, a barrel of salt and a barrel of pepper. Here he hesitated and remarked: "Oh, ell, that's too much pepper." Amen.

At a recent meeting of the directors of the International Coal & Coke Company, held in Calgary, Mr. H. Davidson, of Vancouver, former vice-president, was elected to the office of president, succeeding the late A. C. Flumerfelt. H. J. Davis, of Victoria, was elected to the executive board. The annual meeting will be held at Vancouver on March 26th.

What a crime! At Florence, Italy, Bruno Irmimi and his sweetie were making love in the park. As he kissed her, a policeman walked up and arrested him. For the huge offense of kissing his fiancée, Bruno was given three months and ten days in jail; and to add to the monstrosity, the young lady was given three months in the workhouse for willingly submitting to the kiss.

CARD OF THANKS

I wish to thank the many friends and workers for the hearty support accorded me at the Municipal polls on Monday.

W. L. EVANS.

IN MEMORIAM

In Loving Memory of darling Eleanor Olson, who went to sleep on February 23rd, 1930, aged 12 years, 4 months.

Never shall you be forgotten,
Never shall your memory fade,
Sweet thoughts shall always linger,
Around the grave where you are laid,
And when the shadows of night are falling,
And we are all alone,
There comes a thought, dear Eleanor,
If you could just come home.

Ever remembered by Mamma,
Daddy, Bert and Cecil.
